

Computer Foundations Level 2

The background of the slide features a complex, abstract network of thin, dark lines crisscrossing a light blue-grey field, resembling a web or a circuit board. In the lower portion of the image, the dark silhouettes of several people are visible, appearing to be in a collaborative setting, possibly looking at a screen or a table. A large, dark, semi-transparent rectangular box is centered over the image, serving as a backdrop for the text.

Where Our IP Address Is Shared

Consider these common places we interact online.

Every time we click something online, **it's like signing a guestbook and your IP address is the signature** you leave behind.

The background of the slide features a complex, abstract network of thin, dark lines crisscrossing the entire frame, resembling a web or a dense circuit board. In the lower portion of the image, there are dark silhouettes of several people. Two individuals are standing in the center, facing each other, while others are visible in the foreground, some appearing to be looking at a screen or device. The overall tone is dark and technical.

**Who wants your IP
Address?**

Who wants your IP Address?

Authorities to piece together illegal activities.

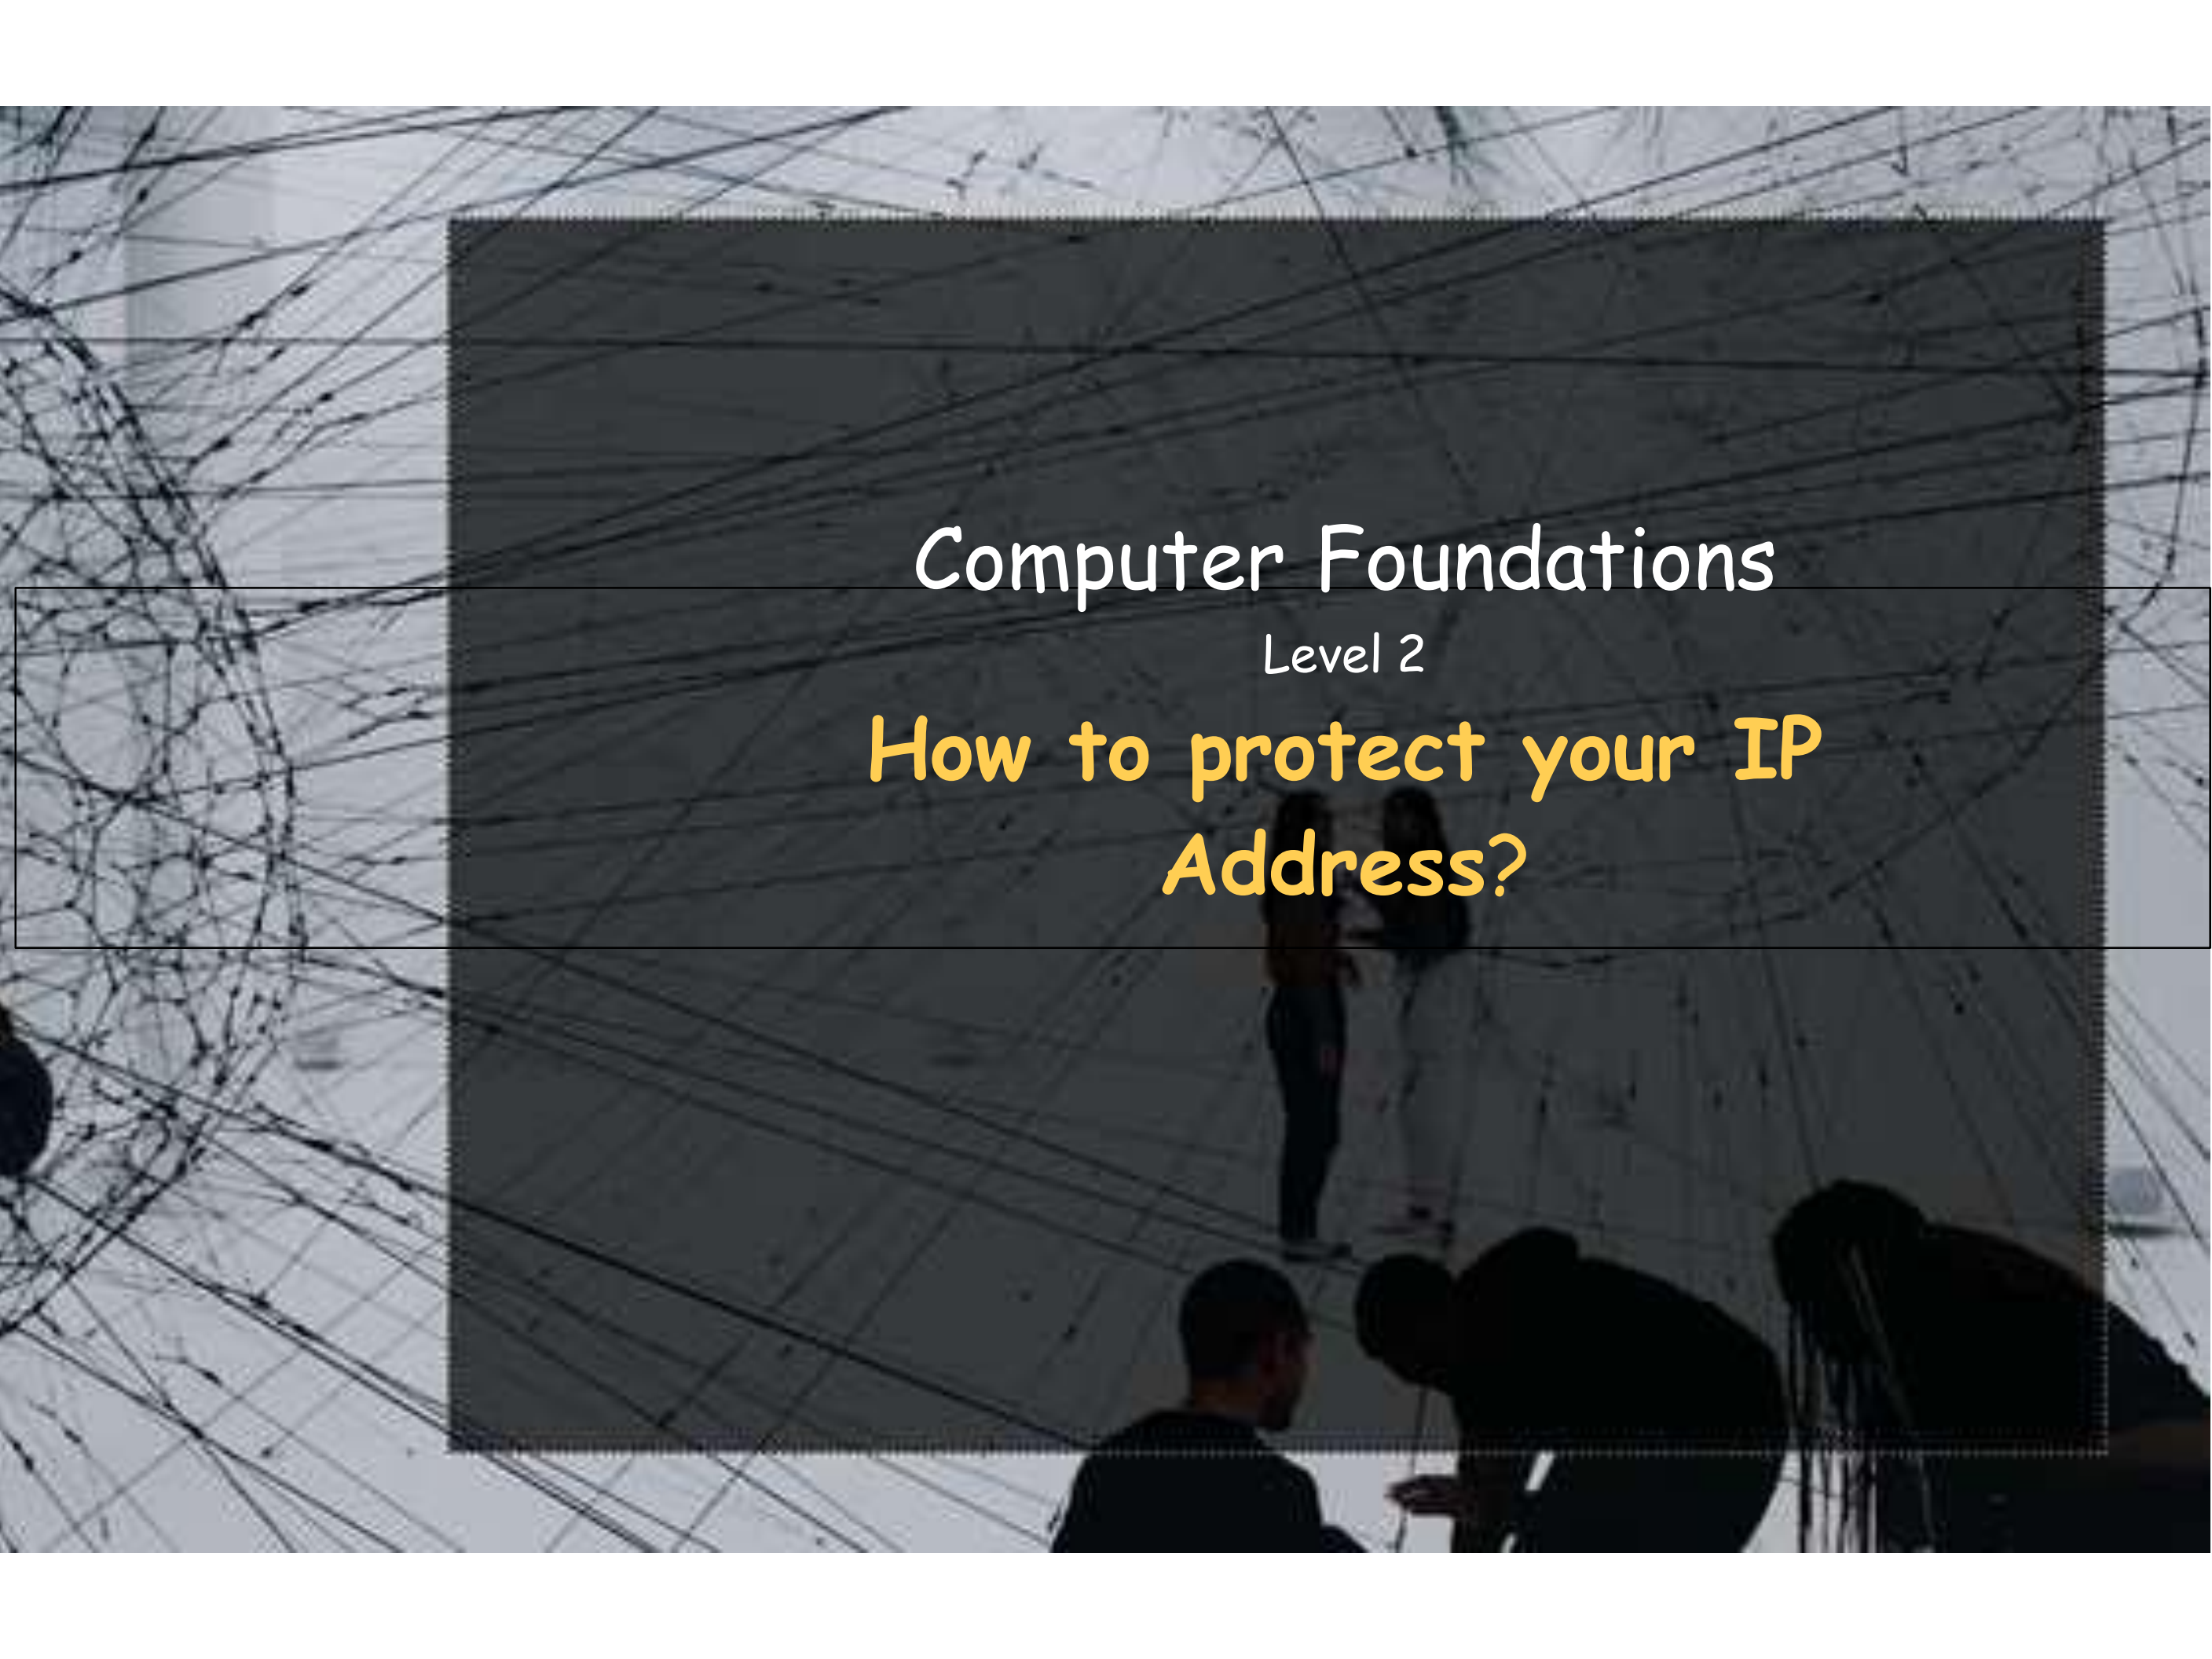

Advertisers to target you with relevant products and services.

Employers to understand where you're spending time online at work.

Cybercriminals and hackers to install malware or commit Denial of Service attacks.

The background of the slide features a complex, abstract network of thin, dark lines crisscrossing a light blue-grey field, resembling a fiber-optic network or a web. In the lower portion of the image, the dark silhouettes of several people are visible, some standing and others leaning over, suggesting a collaborative work environment or a presentation. A large, dark, semi-transparent rectangular box is centered on the slide, serving as a backdrop for the text.
